

LYME EMERGENCY SERVICES

The Lyme Emergency Services is updating the list of “special population”--that is those who have special needs or circumstances during an emergency, particularly one with prolonged power outages.

During these emergencies volunteers are organized to check in with the people who have been identified with special needs to make sure they are managing their circumstances and indentifying their resources.

If there's anyone in your household and/or if you know of anyone with a special challenge which includes medical issues, physical disability, residents over 70 years of age and those who live alone, please let us know. This information enables the Emergency Services coordinators to keep a complete list maintained for well-being checks during these times. This is a confidential document used only for the safety and welfare of the people in the Town of Lyme.

Please print this page and complete the quick survey found at the bottom. It should then be mailed or dropped off to either the Police Department (PO Box 126) or the Town Clerk’s Office (PO Box 342). Doing this as soon as possible assures that we have the correct information to help appropriately in case of an emergency.

Thank you for helping to keep our community safe!

Please return completed form to the Lyme Police Department or Town Clerk’s Office

Name _____ Date of Birth _____

Physical Address _____

Telephone number-
Land Line _____ Cell _____
