Again it was noted the boat rack area has gotten out of control, or never got in control from last year. It looks terrible, the trimming and mowing cannot get done, and concerns of animal and rodents building homes under these (abandoned) boats was expressed. Followed was a lengthy discussion on various ideas to help with this problem. The commission decided to start with the following:

1. Ask Chief O'Keefe to send an e-mail reminding residents of the rules for the boat racks
2. You must be a Lyme resident to leave your boat at this area. This means you will need a Lyme resident sticker on your boat, your name and phone number.
3. All boats must be removed by the designated date or they will be removed by the Lyme Police department. \$100.00 fine is associated with this violation.

Discussed the use of the Ball field by the fighting gents. Adult soccer player. This will be a Recreation Commission sponsored sport. They must follow all Recreation Commission policies. The scheduling of games will be worked out and go through Steve Small the director. The application notes no firm dates yet but they are asking to schedule 5-7 games on the field. In the spirit of supporting adult exercise and sports the Recreation Commission approved the use of the field for this group for the 2016 summer.

Material will be delivered to the field to repair the settled area. The Lyme Green softball team will do the repairs.
