

TOWN OF LYME
Select Board Meeting
February 26th, 2016
8:00AM
River Road
Approved: March 3, 2016

The following people were present for part or all of the emergency meeting: Select Board members: Susan J. MacKenzie (Chair), Charles J. Smith & Patty Jenks, Scott Bailey and Highway Foreman. Steve Williams. Community members, Shirley & Wayne Tullar.

At 6:30 AM Sue MacKenzie was notified by Steve Williams of a large hole that had opened up on the River Road by the Tullar Farm.

Sue Notified Patty and Jay and they all met at the site at 7:20:00AM.

A sink hole 5 feet deep, approx. 15 feet long and 6 feet wide had opened up under the western 1/3rd of the road. The appearance of the river bank had not changed. It was determined that this was a road issue caused by surface run off from a severe storm 3 days earlier and another the night before. A decision was made to repair the road immediately and continue to wait for a proposal from CLD to stabilize this entire area.

Note: This is the only access for a milk tanker and assorted farm apparatus and the school bus to access the dairy farm just north of this area.

Respectfully submitted,

Susan MacKenzie
