Post Pond Abutter,

The Town of Lyme has contracted
SOLitude Lake Management, 590 Lake
Street, Shrewsbury, MA 01545,
Telephone 866-480-1271, to treat

portions of Post Pond in Lyme with USEPA/State registered herbicide Procellacor EC (Florpyrauxifen-benzyl), EPA
Registration Number 67690-80, to control exotic milfoil weed.

A permit application has been filed with the state requesting approval for this treatment program. The treatment will likely be performed in mid-late July or August 2023. If a permit is issued, there will be additional notification of the actual treatment areas, date and specific information on certain activities and water uses that will be temporarily restricted as a condition of the permit. Any questions concerning the proposed treatment should be directed to SOLitude Lake Management at the above address.

Those wishing to comment on the proposed application may contact the New Hampshire Department of Agriculture, Division of Pesticide Control to request a public hearing. Comments must be received in writing within 15 days of receipt of this notice.

The treatment is tentatively scheduled for mid-late July or August 2023. Based on past experiences, we expect that the State will impose **restrictions** on the use of treated pond water for **irrigation** purposes. The specific use restrictions will be determined at the time the permit is issued and will be communicated directly to you in the notification of treatment that will be sent by certified-mail.

The restrictions extend to direct water intakes located within 200 feet of the treatment areas and to wells within 50 feet of the treatment areas. **Intakes (black pipe) that draw water directly from Post Pond within 200 feet of proposed treatment areas WILL be subject to irrigation restrictions.** If you have a well within 50 feet of the lake or an intake, please let us know by contacting our office weekdays at **(866) 480-1271** or by emailing **NewHampshire@SolitudeLake.com**. Please be sure to reference **Post Pond** in your email.
