

Date: 3/27/2017

Dina Cutting, Jim Mayer, Luke Prince, Curtis Shepard, Susanne McKenzie, Dennett Guerin

Meeting called to order at 6:05

Reviewed Steve's financial report

Discussed request from a Piermont resident to conduct Water Aerobics for a fee from June thru August at the Post Pond Swim area. Concerns raised were with this space. The time conflicts with high traffic time/use of the pond. Sense of the meeting was this was to not approve the request.

Luke raised that it would be helpful for parents if the general game and practice times for Lyme were set prior to signups being posted. Parents need this information for planning purposes and decision purposes. For spring sports 2 of the 3 teams Lyme plays in rec league post a schedule. It was agreed upon by all that this would be helpful but it was also mentioned that there may be valid reasons why registrations might begin with this information unknown.

Curtis asked about 7-8 about baseball and who was playing for Thetford from Lyme. It was mentioned by Dina that since we don't offer a program Steve should make sure 7/8 parents are aware.

New child swing on order for the beach. Dina Talked about committee forming wanting to help improve the beach with one idea mentioned being a new playground area.

Helping keep the beach area clean is an important function and should be on the top of this list to be discussed with the group that has concerns. Ideas were raised about how to make sure people know equipment to clean up goose droppings/plus rakes are available for people who want to volunteer and make the beach better!

Meeting adjourned at 6:40
